8TH 5-CONTINENT-Congress
Barcelona
August 31 – September 3, 2017

The World’s Leading Conference on:
Emerging Technologies
Energy-Based Devices
Neuromodulators
Cosmeceuticals
Fillers

23 European CME Credits (ECMEC) Granted by EACCME

Final Conference Program
DEAR COLLEAGUES,

We are glad that you are here and welcome you to our 8th 5-Continent-Congress in beautiful Barcelona.

The 5CC has now established itself as one of the leading international aesthetic conferences in Spain. It is also one of the finest educational opportunities in the world, with over 200 incredible speakers who are the most respected Dermatologists, Plastic Surgeons, and Aesthetic Physicians from all corners of the globe. We gather here in Barcelona to share our knowledge, engage in wonderful discussions, and teach new therapies and new techniques in our ever-changing aesthetic environment.

We are looking forward to an incredible 8th 5CC meeting over the next four days. We will cover all of the many facets of aesthetic and cosmetic medicine. This will include the world of Injectables; all of the Energy-based Devices that are impacting our non-invasive treatments; Skin Care and how it impacts our therapies; Chemical Peels and what is new; Home-use Devices and what we can expect in the coming year; Marketing and the Internet, and how this environment is changing how we do business daily; and the hot topic of Aesthetic Gynecology and Feminine Rejuvenation, which has become increasingly important to Dermatologists and Plastic Surgeons.

These and many more topics will be covered in an exceptional program featuring six Pre-Conference Symposia on Thursday and 40 scientific sessions during the congress itself. Repeating on last years’ great success, we are proud to be offering five intensive Teaching Courses, on current topics such as: Social Media, Mesotherapy, Laser and Lights Basics & Safety, Feminine Rejuvenation and Facial Rejuvenation. This will allow you to learn from experts first-hand, as it follows our core value of promoting the best possible education for each and every attendee (all are included in your registration fee for 5CC).

Furthermore, 5CC is proud to present our latest offer, a Residents & Fellows Day. It will be covering all the basics for residents, fellows and students in Dermatology, Plastic Surgery, and Aesthetic Medicine, conducted by international experts from our incredible faculty. As one of the leaders in medical education, our key objective is to establish a qualified training for the next generation of skin care experts and to provide a comprehensive theoretical approach to the basic skills of injectables, Chemical Peeling, Cosmeceuticals, Lasers, EBDs, and much more. This will set high quality standards in order to help to inform, advice, and treat their patients, and to be able to answer questions and fully meet their patients’ expectations.

We promise a close interaction with our industry colleagues and partners. We will have them presenting their innovations in industry symposia, and hands-on live-workshops. We will have the latest technologies available for you, to see, and learn from over 70 companies that are highly regarded in these fields. We are grateful to our industry partners and thank them for their continued support and trust in the 5CC.

As in recent years, we are cooperating with several national and international medical societies and associations. This year, we are proud to have 13 of them (BioBridge Foundation, COSI, DASIL, ESAAG, ESAAM, European LED Academy, ESAAM, HUD, MCA, IPS, B’AC, Laser Group French Society of Dermatology, SEGERF and SOCS) to present their cutting-edge topics in their own symposia and sessions, which will be held over the next few days.

A visit to Barcelona is a memory that is cherished for a lifetime and a memory that will live with you throughout your career and beyond. And now that you have experienced the cosmopolitan capital of Spain’s Catalonia region, it will become a place that you will want to visit over and over again. Enjoy Barcelona, its wonderful people, and delicious cuisines, while you are here.

AND SO IT IS MY GREAT PLEASURE TO ANNOUNCE NEXT YEARS’ 5-CONTINENT-Congress (9TH EDITION) FROM AUGUST 30 – SEPTEMBER 2, 2018, ALSO IN THE BEAUTIFUL CITY OF BARCELONA.

On behalf of the Board of Directors of the 5CC, we now welcome you to this years’ 5CC.

Best regards,

Michael Gold, MD
USA
Congress President
The 5CC Charity was founded with the idea of giving back to the city that welcomed our congress with open arms and the warmest heart in 2016. We want to help, and we invite all of you to join us!

At this year's 5CC, we will raise funds for the IMIM and CRG support them in their incredible work for people with genetic intellectual disabilities or neurodegenerative diseases.

Meet Rafael De La Torre Fornell and Mara Dierssen at their booth MB4 in the Industry Exhibition and at our Networking Reception on Friday evening to learn more about their program and how you can help!

The Groups of Integrated Pharmacology and Neuroscience of the IMIM (Hospital del Mar Research Institute of Medical Investigations) and the Group of Cellular and Systems Neurobiology of the Center for Genomic Regulation of Barcelona (CRG) carry out clinical studies for the improvement of cognitive performance in people with genetic intellectual disabilities or neurodegenerative diseases, such as Alzheimer's disease.

The research groups have the best neuroscientists, and specialists in clinical pharmacology, biochemistry, genetics, neuropsychology, neurophysiology and neuroimaging. We prioritize research that allows us to improve the treatments of the people we attend and we have discovered a treatment that is effective in improving the cognitive capacities in the adult with Down Syndrome and Fragile X Syndrome and was published in Lancet Neurology last year.

At this time, our goal is to start a pediatric clinical trial. We believe that children will benefit the most from this treatment; however, it is very difficult for the public administration to fund research on Down Syndrome. In recent years it has seen a significant reduction in economic resources, due to the prioritization of more prevalent diseases (cancer, cardiovascular, etc.). To achieve our goal, the total budget required is approximately €700,000.
OVER 200 WORLD-RENOVED KOLS
OUR MISSION
The International Peeling Society dedicates itself
to teach and promote the art, science and techniques of chemical peels for
both therapeutic and aesthetic medical purposes to core specialists around
the globe.

www.peelingsociety.com

JOIN US IN THE INTERNATIONAL PEELING SOCIETY

1. Exclusive access to in-depth, hands-on education in chemical peeling.
2. A certificate designating membership and recognizing your expertise in chemical peeling.
3. To provide patients with a cost-effective method to improve photo-aging and scarring.
4. Opportunities to learn from and interact with leaders from around the world about peeling skin of all colors and types.
5. Discounted registration to courses and workshops.

THURSDAY, AUGUST 31, 2017

Also in 2017, the self-organized Pre-Conference Sessions of our Scientific Partners will kick off the 8th 5CC meeting.

Join us to learn the latest on Light & LED, Anti-aging, Dermatologic & Aesthetic Surgery, Regenerative Medicine, Home-use Devices and Cosmetic Gynecology on this first day of 5CC.

BIOBRIDGE FOUNDATION SYMPOSIUM | 9.00 - 13.00h

“The New Approaches in Regenerative Medicine for Male and Female Sexual Dysfunctions and Other Urogenital Pathologies”

The BioBridge Foundation was created in Switzerland with the objective of promoting scientific research in Regenerative Medicine, in particular cell therapies. The BioBridge Foundation has also created a knowledge and training platform which offers medical training support to doctors interested in Regenerative Medicine.

9.00 - 13.00 ROOM 129 I 130

Moderated by: HÉLÈNE SUSSMAN | KSENIJA ŠELIH MARTINEC | ANITA MARIOTTO

9.00 Video Workshop and Lecture on Male Erectile Dysfunction and Peyronie’s Disease

HÉLÈNE SUSSMAN

10.30 Biological Properties and Specifications of A-PRP and A-PRP+HA Combinations

ANITA MARIOTTO

11.00 - 11.30 Coffee Break in the Foyer (Industry Exhibition Opens at 13.00h)

11.30 Video Workshop and Lecture on Female Sexual Dysfunction (Vaginal Dryness, Stress Urinary Incontinence and Lichen Sclerosis)

KSENIJA ŠELIH MARTINEC

13.00 | End of Symposium & Lunch Break in the Industry Exhibition

14.00 - 18.00h ROOM 129 | 130

INTERNATIONAL ANTI-AGING SYMPOSIUM

We are excited to welcome the German Society of Anti-Aging-Medicine e.V. (GSAAM) and the ESAAM (European Society of Anti Aging Medicine) for their first joined Pre-Conference Session on Anti-aging at 5CC.

Counting more than 1,000 international members from different medical fields, the GSAAM is Europe’s biggest medical society for Preventive and Anti-Aging Medicine. The aim and purpose of GSAAM is the research and constant training of treatment methods for the prevention and early intervention of chronic degenerative and age-related diseases.

ESAAM is a medical and scientific interdisciplinary umbrella organization. Its main objective is the dissemination of knowledge about preventive, regenerative and anti-aging medicine throughout Europe. ESAAM members are a wide range of organisations and single physicians and medical professionals all keen to learn the latest research, share ideas and discover the latest technologies in this field.

14.00 Introduction

BERND KLEINE-GUNK | GHSILANE BEILIN

14.10 The Hormesis Principle

BERND KLEINE-GUNK

15.00 Anti-aging and Regenerative Medicine From Our Deep Cells to the Skin

GHSILANE BEILIN

15.30 Immunology Tissue Specific Autoantibodies Profile as an Early Molecular Marker of Age-related Disorders

ARSENIY TRUKHANOV

16.00 - 16.30 Coffee Break in the Industry Exhibition

16.30 The Role of Deuterium Depleted Water (DDW) for the Detox of the Body on Molecular Level

ARSENIY TRUKHANOV

17.00 Protocol for Prevention and Treatment of the Diseases That Accompany Aging

MICHAEL PAPACHARALAMBOUS

17.30 Innovative Technologies in the Regulation of Neuroimmunoendocrine System in Case of Transdermal Peptide Administration

XENIA IVKO

18.00 | End of Symposium & Opening Get-together in the Industry Exhibition

www.gsaam.de
www.esaam-org.eu
**THURSDAY, AUGUST 31, 2017**

**SEGERF & ESAG AESTHETIC GYNECOLOGY SYMPOSIUM | 14.00 - 18.00h**

Also, for the first time ever at 5CC, we are excited to announce the Pre-Conference Session of our new Scientific Partners, the Sociedad Española de Ginecología Estética Regenerativa Funcional (SEGERF) and the European Society of Aesthetic Gynecology (ESAG).

**14.00 - 15.00h | ROOM 131 | 132**

**Moderated by:** SANTIAGO PALACIOS | JAVIER DEL POZO

**14.00 | A Real Regenerative Laser Option for Vulvo-vaginal Disorders**

CESAR ARROYO

**14.15 | Radiofrequency for Vulvo-vaginal Rejuvenation**

KATHARINA SIRCH

**14.30 | New Energy-based Devices for Vulvo-Vaginal Rejuvenation**

PABLO NARANJO

**14.45 | New Trends in Combined Aesthetic Genital Surgery**

JORGE GAVIRIA PARADA

**15.00 | Pain Control in Vulvar Pathology and Pelvic Floor Disorders**

ERNESTO DELGADO CIDRANES

**15.15 - 15.30 | Debate**

**15.30 - 16.00 | SPECIAL GUEST SPEAKER**

**15.30 | Hyaluronic Acid Application as a Perfect Combined Procedure on the Genital Area**

NICOLAS BERRENI

**16.00 - 16.30 | Coffee Break in the Industry Exhibition**

**16.30 | Carboxytherapy for Aesthetic, Regenerative and Functional Improvement of the Vulva, Introitus, Vagina, and Perineum**

ISABEL HERMENEGILDO

**16.45 | Platelet Rich Plasma Injections in Vulvo-vagina Area**

FERNANDO M. AZNAR

**17.00 | Sexual Function and Overall Satisfaction after Aesthetic Gynecology Treatments**

ZURAMIS ESTRADA BLANCO

**17.15 - 17.30 | Debate**

**17.30 - 18.00 | SPECIAL GUEST SPEAKER**

**18.00 | SEGERF AWARDS**

Recipients of SEGERF Awards for Outstanding Contributions to Aesthetic Gynecology

- SANTIAGO PALACIOS, M.D. Gynecologist, Madrid, Spain
- JAVIER DEL POZO, M.D. Gynecologist, Barcelona, Spain
- NICOLAS BERRENI, M.D. Plastic Surgeon and Gynecologist, Perpignan, France
- ALEXANDROS BADER, M.D. Gynecologist, London, United Kingdom

**18.15 | End of Symposium & Opening Get-together in the Industry Exhibition**

**PRE-CONFERENCE SESSIONS ROOM 131 | 132**

**9.00 - 13.00h | ROOM 131 | 132**

**Moderated by:** MICHAEL GOLD | AMY TAUB | VALERIE CALLENDER

**9.00 | ABSORBABLE SUTURES & COMBINATIONS – THE REAL TRUTH**

Facial Anatomy for Absorbable Sutures

MATT STEFANELLI

**9.10 | What’s New in Absorbable Sutures for Rejuvenating the Face**

MICHAEL GOLD

**9.20 | The Perfect Combination for Lifting Without Getting Volume: Sutures and Fillers**

BEATRIZ BELTRAN

**9.30 | UNDERSTANDING LASER**

Laser-induced Optical Breakdown (LIOB) for Cutaneous Interventions: Linking Mechanisms, Molecular Targets and Clinical Results

REIKO VERHAGEN

**9.40 | BODY CONTOURING UPDATE**

New Sutures for Both Open and Minimally Invasive Enhanced Breast Lifting

BARRY DIBERNARDO

**9.50 | Latest Advances in Non-Invasive Body Contouring**

BRUCE KATZ

**10.00 | High-intensity Focused Ultrasound: A New & Better Protocol**

AMY TAUB

**10.10 | Updates in Laser Lipolysis**

MARIO A. TRIBLES

**10.20 | THE LATEST IN FACIAL REJUVENATION & CONTOURING**

Microneedling and Beyond: Microneedling to Microneedle Radiofrequency

BRADLEY BLOOM

**10.30 | Injectable RF in Lower Face Rejuvenation**

Z. PAUL LORENCE

**10.40 | Skin Rejuvenation with Picossecond Technology**

VIRGINIA BENITEZ ROIG

**10.50 | UPDATE ON HAIR LOSS**

Minoxidil Dose Response Study in Female Pattern Hair Loss Patients Determined To be Non-Responders to 5% Minoxidil

ANDY GOOREN

**11.00 - 11.30 | Coffee Break in the Foyer (Industry Exhibition Opens at 13.00h)**

**11.30 | WHAT’S ON THE HORIZON IN CLINICAL DERMATOLOGY?**

Melasma Treatments of Tanned Skin: 20 Years Experience

CLAUDIA MAGALHÃES

**11.40 | Rosacea: Treatment with Laser and/or IPL**

PAULO R. QUNHA

**11.50 | INNOVATIONS IN AESTHETIC DERMATOLOGY**

How to Achieve Superior Results on Darker Skin Using a Hybrid Fractional Laser

CHRISTOPHER ROBB

**12.00 | EXPERTS VIEWPOINT ON ETHNIC BEAUTY**

Ethnic Beauty: Skin Beauty and Health

VALERIE CALLENDER

**12.10 | Ethnic Beauty: Lips and Skin Clarity**

SUSAN TAYLOR

**12.20 | Ethnic Beauty: Contouring and Filling**

CHERYL BURGESS

**13.00 | End of Symposium & Lunch Break in the Industry Exhibition**

www.esag.org
EUROPEAN LED ACADEMY SYMPOSIUM | 9.00 - 13.00h

“Overlap” PBM? Wave-lengths (Parameters) for Psoriasis and Acne Management?

The European LED Academy is a non-profit organization with a membership open to physicians, physicists, cell biologists, and optoelectronic engineers, concerned with photobiological mechanisms and treatments related to the use of LED or Low Level Lasers.

9.00 - 13.00 ROOM 133 | 134

Moderated by: SUSANNE HAUSDÖRFER | LINDA FOUQUE

9.00 Acne Treatment with an Erbium Laser in Combination with LED (470/630nm): An Excellent Alternative to Isotretinoin
SUSANNE HAUSDÖRFER

9.25 Blue Light and Acne Vicious Circle
LINDA FOUQUE

9.50 Photoactivated Nanoproducts & Acne
GABRIEL SERRANO SANMIGUEL

10.15 Home Use Treatment of Psoriasis and Acne with LED Technology: Current Landscape
CAERWYN ASH

10.40 - 11.00 Q&A

11.00 - 11.30 Coffee Break in the Foyer (Industry Exhibition Opens at 13.00h)

11.30 Light Emitting Diode Red Light for Psoriasis: Discovery and Breakthroughs
JARED JAGDEO

11.50 LED and Psoriasis
KLAUS FRITZ

12.10 - 12.20 Q&A

12.20 - 12.40 Workshops

12.40 A New Area in Acne Treatment with High Power LEDs
PABLO NARANJO

13.00 End of Symposium & Lunch Break in the Industry Exhibition

www.ledacademy.fr

OPENING GET-TOGETHER

THURSDAY, AUGUST 31, 2017 | 18.15 - 19.00h | 5CC INDUSTRY EXHIBITION

An invitation is extended to conference delegates, faculty and Industry Partners to attend the Opening Get-Together of the 8th 5CC meeting in the exhibition hall. Socialize with your colleagues from around the globe and meet the Industry Partners who support our meeting, as we welcome you to Barcelona.

Small bites and chilled drinks will be served. Open to all attendees. No RSVP required.

18.20 - Q&A

**NETWORKING RECEPTION**

**FRIDAY, SEPTEMBER 1, 2017 | 19 – 21h | Bambú Beach Bar**

Bambú Beach Bar, Ronda Litoral, 08005 Barcelona, Spain
www.bambubeachbar.com

Just a few steps from the conference venue CCIB, Bambú Beach Bar will offer an incredible setting for our 5CC Networking Reception after the close of the second congress day.

This will be a wonderful event to enjoy chilled drinks, a delicious regional Tapas buffet and Paella show cooking, while watching the sunset at Barcelona’s most beautiful beach.

Join us and socialize with your colleagues from around the globe and meet our Faculty and Industry Partners in a more informal setting.

RSVP required.

Limited number of tickets available at € 70 (incl. VAT and fees) per person.

- Few tickets might be available—please see us at the registration on Level P0 for more information

**LIMITED AVAILABILITY**

**NETWORKING RECEPTION WITH THE FACULTY, OUR INDUSTRY PARTNES AND HONORED GUESTS**

INTERACTIVE SESSION: APPROACHES TO EFFICIENT FDA SUBMISSIONS FOR ENERGY-BASED DEVICES

Moderated by: SHLOMIT HALACHMI

8.00  This educational session will focus on pearls and pitfalls in FDA-submissions for energy-based devices.

We will review the evolution of Class I, Class II (510(K)), and Class III (PMA) designation and how this is applied to current regulation of devices.

Mock cases will be presented to illustrate strategies that can reduce uncertainty “in the black box” and can make submission review easier.

Participants are encouraged to bring real-life questions and to submit challenges in advance.

NO SIMULTANEOS TRANSLATION TO SPANISH!

PICOSECOND TECHNOLOGY ROUNDTABLE

Moderated by: KLAUS FRITZ | MICHAEL GOLD

17.00 Picosecond Technology in 2017 – this roundtable will showcase the available technologies now specifically dealing with the sciences behind the devices and the evidence-based medicine which supports the picosecond lasers. We plan on learning what makes each system available unique and what we can expect from them in the future.
Speakers:
MICHAEL GOLD | MARINA KAMENAKIS | ZIV KAFRI | ROBERT WEISS
### Teaching Courses

#### Room 129 | 130

**9:00** Teaching Course: **Social Media for Aesthetic Clinics: Strategies for Success**

Social media landscape keeps changing. Last year, Instagram ruled. This year, Snapchat has picked up some steam. Facebook ads have risen to the top of every marketer’s hot list and are now rivalling Google. Instagram Stories are at war with Snapchat Stories and gaining ground. It takes a village just to keep up with all the new rules, changing algorithms, and to sort through the next level apps and tools available.

In this comprehensive workshop, New York City-based marketing consultant and social media move- rick **Wendy Lewis** will share her personal experience and most useful tips for how to be effective on social media.

This intensive digital marketing workshop will focus on best practices for elevating your profile, building a loyal fan base, and staying ahead of the curve. Examples will be given for what to do and what not to do, and sample social media marketing calendar formats, plus key content strategies for each of the most relevant platforms will be reviewed.

This workshop promises to generate a lively discussion, with time for questions from attendees and a robust debate.

#### Room 131 | 132

**9:00** Teaching Course: **Feminine Rejuvenation**

This course, held by Medical Doctor and women's health expert **Susan Murmann**, is intended for all doctors interested in learning about all the facets in the hot topic of feminine rejuvenation.

At the end of this course, the attendee will be able to:
- Know how dermatologists, gynecologists, and aesthetic surgeons view and contribute to the current spectrum of technology and approaches for vaginal rejuvenation
- Recognize the current EBD used for aesthetic feminine rejuvenation and what's "hot" from RF to lasers, and newer novel applications of the current energy-based treatments
- Understand how sexual medicine and sexual dysfunction can play a vital role in current perceptions of feminine rejuvenation
- Develop strategies for patient consultation, treatment options, and maintenance therapies to attain ultimate results and patient satisfaction in your aesthetic practice for feminine rejuvenation

With contributing lectures from:
- **Fernando M. Aznar**, **Andre Berger**, **Patrick Bitter**, **Zurab Eistrada Blanco**, **DPK-Harald Grone**, **Bruce Katz**, **Sebastian Pop** and **Amy Taub**

**11:00** Teaching Course: **Mesotherapy - Two Steps from Myth to Science**

Dermatologist **Michael Weidmann** will offer an in-depth insight into the science of this ever-growing topic in aesthetic medicine: Mesotherapy.

At the end of this course, the attendee will be able to:
- Understand the principles of Mesotherapy and its role in aesthetic medicine
- Understand the importance of standards in Mesotherapy
- Know how to integrate Mesotherapy in a dermatology/aesthetic clinic and how to combine it with other aesthetic treatments
- Identify Mesotherapy side effects and contraindications and know how to manage them.

**13:30** Teaching Course: **Video Cadaver Course on Facial Rejuvenation with Fat Grafting, Stem Cells, PRP, Injectables and Threads- Part I**

Don't miss this comprehensive 4-hour video cadaver workshop on the world of facial rejuvenation, held by cosmetic surgeon **Mário Goisis**.

- Dr. Goisis received his medical degree from Milan University.
- He is certified in Maxillofacial Surgery.
- Dr. Goisis is a clinical researcher and founder and medical director of Studio Medico and Surgical Skin Rejuvenation Center Sant Ambrogio in Milan.

**13:30** Contributing lecture
- Anatomy for Filler Injections (with Videos of Cadaver Dissections) - **Robert Weiss**

### Residents & Fellows Day

#### Room 133 | 134

**10:00** Teaching Course: **Laser & Light Basics and Safety**

This course, held by Medical Doctor and women's health expert **Susan Murmann**, is intended for all doctors interested in learning about all the facets in the hot topic of feminine rejuvenation.

At the end of this course, the attendee will be able to:
- Understand hazards & risks from laser and intense light generation and their role in aesthetic medicine
- Understand the importance of standards in Mesotherapy
- Know how to integrate Mesotherapy in a dermatology/aesthetic clinic and how to combine it with other aesthetic treatments
- Identify Mesotherapy side effects and contraindications and know how to manage them.

**10:10** Teaching Course: **Laser and IPL Basics**

Don't miss this comprehensive 4-hour video cadaver workshop on the world of facial rejuvenation, held by cosmetic surgeon **Mário Goisis**.

- Dr. Goisis received his medical degree from Milan University.
- He is certified in Maxillofacial Surgery.
- Dr. Goisis is a clinical researcher and founder and medical director of Studio Medico and Surgical Skin Rejuvenation Center Sant Ambrogio in Milan.

**10:30** Contributing lecture
- Anatomy for Filler Injections (with Videos of Cadaver Dissections) - **Robert Weiss**

**11:20** Teaching Course: **Video Cadaver Course on Facial Rejuvenation with Fat Grafting, Stem Cells, PRP, Injectables and Threads- Part II**

At the end of this course, the attendee will be able to:
- Have acquired knowledge on facial anatomy
- Have acquired knowledge on aesthetic and regenerative medicine
- Have acquired knowledge of fat and stem cells harvesting in the practice
- Understand where, what and how much to inject to achieve best outcomes

**13:30** Teaching Course: **Cosmeceuticals - Patricia K. Farris**

**14:00** Teaching Course: **Chemical Peeling - Sahar Ghannam**

**14:45** Teaching Course: **Anti-aging - Patrizia D’Alessio**

**15:30** End of Conference
Join our Industry Partners for their 60-minute Symposia or 120-minute workshops with live treatments and hand-ons.

Industry Symposia are open to all attendees and will take place in the conference venue. Industry Workshops are designed for smaller groups and open to registered attendees only. Seats are limited and first come first served. Please come to see us at the registration on Level P0 to sign up for the Industry Workshops.

WE WOULD LIKE TO THANK OUR INDUSTRY AND MEDIA PARTNERS
NEW to the European Market...

THERMIva®
Radiofrequency treatment for internal and external vulvovaginal laxity
- Non-invasive / in-office
- No anesthesia
- Little to no pain or downtime

VISIT US AT OUR BOOTH #17
5-Continent-Congress
August 31 - September 3, 2017
Barcelona, Spain

#TheARTofThermi

THERMI® is indicated in the EU for electrocoagulation of soft tissues for vulvovaginal laxity.

ThermiRadiofrequency products should not be used on patients who are pregnant, have fever or skin infection in or around the area of treatment. Treated physicians should perform required testing to confirm patient is negative for infection or pregnancy. Patients should be aware and monitored during the procedure for any unexpected symptoms. Expected procedure side effects may include transient pain in procedure area, erythema and edema.

Model is not an actual patient. © 2017 ThermiGen, LLC. All rights reserved.

ABOUT US
The 5-Continent-Congress is comprised of an international group of highly acclaimed Dermatologists and Plastic Surgeons who are key opinion leaders in their fields. It is a highly professional conference dedicated to innovations and controversies in the field of aesthetic medicine accompanied by an interesting pre- and post-conference program. Advances in fillers, toxins, energy-based devices and cosmeceuticals will also be presented by international specialists from all continents.
EXPERIENCE BARCELONA LIKE NEVER BEFORE!

In collaboration with our partner, Turisme de Barcelona, we will offer more than 200 full and half-day tours, shows, activities and unique experiences for you and your accompanying person(s) during the conference days.

Whether it is your first time in beautiful Barcelona or you’ve been here before - we’ve got you covered!

And the best thing is: tours and activities are not pre-booked, which allows you to select dates and times with more flexibility. Enjoy the freedom to book around your schedule! *

If you’ve found your favorite activity, make sure to book as early as possible to secure your spot.

TOUR SELECTION
- Barcelona Daily Sightseeing Tours
- Barcelona 360º: Land, Sea and Air
- Chocolate Tour
- Barcelona Sun & Segway
- E-Bike City Tour Barcelona
- Wine and Cava
- Stories and Legends of the Gothic Quarter
- Barcelona Tapas Tour
- Ghosts of Barcelona
- Shopping Tours

EXPERIENCE SELECTION
- Boqueria Market & Paella Cooking Workshop
- Panoramic Helicopter Tours
- Seat 600 Experience
- Barcelona by GOCAR
- Parasailing Barcelona
- Vermouth or Breakfast on a Sailing Yacht
- Panoramic Balloon Rides
- Create Your Own Cava

SHOW SELECTION
- Spanish Guitar Concert & Wine
- Flamenco Art at the Palau de la Música Catalana
- El Molino

*Not all tours might be available on all days.

ETHEREA-MX® is the next generation of laser and light-based platform technology. Offering multiple application in one system, ETHEREA-MX® is capable of effectively providing a comprehensive suite of the most popular aesthetic treatments.

NEW TECHNOLOGIES, NEW APPLICATIONS, EXPANDED FEATURES, NOW WITH A 2-YEAR WARRANTY

AT A GLANCE

CONFERENCE LANGUAGE AND TRANSLATION SERVICES
The official language of the meeting is English. Simultaneous translation to Spanish will be provided on all days in all lecture rooms. Translation receivers and headphones for the translations are available at the rental station on Level P1 (between rooms 112 and 111). Kindly note that a deposit will be held until the return of the translation sets.

RECORDING POLICY
Recording, photography and filming during the sessions is strictly prohibited without prior written permission from the congress organization. In consideration of other attendees, we kindly ask you to put your cell phone in a silent mode during sessions, symposia and workshops.

Please be advised that the organizers are filming and taking pictures of scenes and background material in this area for future promotional purposes. If you enter the congress center, you may appear, and therefore agree to appear, in this or any later production which may be used in advertisements and promotions worldwide via various media.

BADGE POLICY
Access to lecture rooms and the industry exhibition will be granted as follows:

COFFEE AND LUNCH BREAKS
Complimentary coffee break is provided in the industry exhibition and the foyer for all attendees, speakers and exhibitors. Lunch and snacks are available for purchase at the cafeteria during all conference days in the industry exhibition.

CME ACCREDITATION
The 3rd ESC is accredited with 23 European CME credits (ECME) by the European Accreditation Council for Continuing Medical Education (EACCME). The EACCME is an institution of the European Union of Medical Specialists (UEMS).

THURSDAY – 6 credits
FRIDAY – 6 credits
SATURDAY – 6 credits
SUNDAY – 5 credits

All delegates are obliged to check-in once they access a session and to check-out upon exiting the session rooms. CME credits will be granted for sessions at least 50 minutes in length only!

To receive the CME credits and certificate, all attendees are obliged to complete an online survey in the 60 days following the conference. Upon completion of the survey, the Certificate of Attendance will be available for download. To claim the CME credits, the attendee should contact the national authorities in his country of residence to validate the European CME credits and to convert them to national CME credits.

MEDIA CHECK
To help ensure the conference run smoothly, we kindly ask our speakers to submit their presentation(s) at the Media Check in room 120 at least 1.5 hours before the lecture.

PRAYER ROOMS / ROOMS OF SILENCE
The prayer rooms / rooms of silence are located on Level M2 (rooms M216 and M217). Please take elevators C in front of the exhibition hall (rooms 113 – 116).

WIFI
Complimentary WIFI is available on Levels P0 (registration level) and P1 (conference level). Network name: Barcelona3ESC Password: Aesthetics2017

LEGAL INFORMATION
Logi-Vent GmbH acts as an intermediary and is not responsible or liable for loss, accidents or damages to people or things during the entire congress independently of its origin. Any other agreement will only be effective if in writing and signed by both parties.

Logi-Vent GmbH shall not be liable hereunder on whatever legal basis by reason of any cancellation of all or part of the event or by reason of any termination of all or part of the event ahead of schedule on account of any cause that is beyond the reasonable control of Logi-Vent GmbH (such as acts of God, war, insurrection, civil unrest, strike, etc.).
We can pinpoint the body areas which require customised treatment. We configure the Verjú to treat problematic areas in the midsection, buttocks, and thighs. We are able to treat those areas most annoying to the patients and often resistant to all other non-surgical treatments.

Dr Telinsky, Washington, DC
