

Khalil A. Khatri, MD

Dr. Khatri is a Dermatologist in Private practice with special emphasis on Cosmetic Laser Surgery in Boston area. He runs a private laser research center, New England Institute of Laser Research. He completed a Fellowship in Cosmetic Laser Surgery with Dr. Rox Anderson at Massachusetts General Hospital/Harvard Medical School.

He is one of the leading research scientists of lasers and has helped to develop many lasers in use today. He holds multiple patents on specific laser technologies. His research work is well published; he is a frequently invited speaker at many national and international conferences and is a co-editor and reviewer of peer reviewed journals. He has taught at many laser courses as a faculty member and as course director.

He is a Fellow of American Society for Laser Medicine and Surgery and the Royal Society of Medicine, England. Dr. Khatri is a founding member of International Academy of Laser Medicine and Surgery.

He has served as the chair of Constitution and Bylaws Committee and as a member of Audit Committee of American Society for Laser Medicine & Surgery, and Research Work Group of American Society for Dermatologic Surgery.

In addition to his private practice, Dr Khatri is also the medical director of Syneron-Candela laser company.
