

An American board certified graduate of the Boston University/Tufts University dermatology program in the USA, Dr. Galadari completed a dermatologic surgery and laser fellowship in the University of California-San Francisco and is currently a fellow of the American Academy of Dermatology. He is a member of numerous committees in many international societies, including the American Academy of Dermatology, the Treasurer General of the International Society of Dermatology as well as the Secretary General of the International League of Dermatological Societies, a body that represents 100,000 dermatologists worldwide.

He was the recipient of the Presidential Citation Award awarded to him by the American Academy of Dermatology for the promotion of excellence in the field of dermatology in 2016 and 2018.

He is currently an Assistant Professor of Dermatology at the College of Medicine and Health Sciences of United Arab Emirates University (UAEU) with a main area of interest is cosmetic dermatology, particularly the field of soft tissue augmentation, where he currently holds a patent. He has lectured in numerous international congresses, published in many peer reviewed journals, authored book chapters as well as a best-selling book, *Soft Tissue Augmentation: Principles and Practice*, which was translated into Turkish, Spanish and Portuguese.

In his spare time, you may find Dr Galadari spending time with his family; his wife, 2 sons and 2 daughters, or in a cafe reading a book.
