José Luis López Estebanz is a dermatologist and Director of the Dermatology Department at the University Hospital Fundación Alcorcón and Medical Director of DermoMedic Medical Center in Madrid. He is also associate Professor of the Rey Juan Carlos University (School of Medicine).

His clinical research interests include acne, light and lasers, psoriasis and skin cancer. He has participated in several research studies financed by national public funds (FIS, MEC) as principal investigator or co-investigator (skin cancer, scleroderma, poxvirus, psoriasis and acne).

Dr López Estebanz received his M.D. degree from the Autonomía University School of Medicine of Madrid and he obtained his Ph.D degree in 1994 after the residency training at University Hospital 12 de Octubre in Madrid. He is a member of the Spanish Academy of Dermatology, European Academy of Dermatology, the Iberoamerican Dermatology Association and the American and European Academy of Dermatology. He has been the President of Sección Centro of the Spanish Academy of Dermatology from 2014 and 2018.

He is the Vice-president of CILAD since 2014. He is a member of the Spanish Psoriasis Group and has participated in the elaboration of Spanish psoriasis and acne guidelines and the European Acne Guidelines. He is member of the CILAD Laser Team group and has been participated in the Light and laser CILAD courses.

Dr López Estebanz has authored and /or coauthored more than 250 dermatology papers and book chapters. He has received several prizes from the European and Spanish Academy of Dermatology. He has been awarded by the AAD president in 2017 and 2018. He is an editorial board member of several Spanish and International scientific journals. He is the president of the organizing committee of the CILAD congress in 2020.
