

Ekaterina Pozdeeva

Education and Training:

1991-1998 Ural State Medical Academy. Specialization: Medical Care

1998-1999 Internship in dermatology

2008 Medical advisor of Allergan company

2016 Accredited trainer of cadaver course

Work Experience:

Since 2000 I have been Medical Director in Linline - the chain of laser cosmetology and plastic surgery clinics. I head the team of more than 350 medical personnel in 25 branches located in different towns of Russia.

The priority of my professional activity is professional development of specialists in our chain, improvement of the medical services quality, and provision of equally high level of cosmetology treatments in Linline clinics all over Russia.

I regularly work on advancement of my knowledge and expertise and often visit events in cosmetology and dermatology. I am the author of multiple articles on applying laser technologies in aesthetic medicine, and speaker at various Russian and foreign congresses.
