

Damiano Tambasco (Italy)

Doctor Tambasco is a renowned high-def lipo surgeon in Rome and trainer for Renuvion Jplasma.

He has now thousands of cases of ultrasonic liposuction and almost 200 cases of Renuvion, achieving excellent results even in secondary cases.

He mastered the art of body sculpting, giving abdominal etching to its maximum thanks to combined use of ultrasounds and helium plasma and combining traditional surgeries as abdominoplasty, thighlift and armlift with Renuvion skin tightening.
