

TIM HOLT

President and CEO of R2 Technologies, Inc.

Tim Holt is President and CEO of R2 Technologies, headquartered in San Ramon, California. R2 is currently developing breakthrough CryoAesthetic technologies that will launch in the US and China markets in early 2021. Tim has 17 years of commercial experience in the aesthetic medical device industry which includes key leadership roles at Reliant Technologies and ZELTIQ. He was at the forefront of the successful product launches of Fraxel and CoolSculpting as well as the growth and scaling of those two ventures from start-up to IPO/acquisition. R2 will be Tim's third successive company delivering a game-changing product to market that originated in the labs of world-renowned serial inventors, Drs. Rox Anderson, Dieter Manstein and Henry Chan.

Tim is a native of Ohio. He received his BBA in Marketing from Ohio University in 1997 and his MBA from Campbell University in 1999. He has been involved in various youth mentorship and philanthropic organizations. He is a member of the Ohio University Executive Advisory Board, he's a sponsor of the Ohio University Select Leaders Program and he's an Ambassador for the Gratitude Network.
