

BIOGRAPHY DR. ELIAN BRENNINKMEIJER, MD, Frcp

dr. Elian Brenninkmeijer is a general and cosmetic dermatologist and director of dr. Brenninkmeijer Aesthetic Dermatology based in Amsterdam, The Netherlands. She specialises in all aspects on surgical and non-surgical aesthetic skin procedures and has a particular interest in advanced injection techniques with dermal fillers and botulinetoxine.

As dermatologist she has gained a lot of experience in the diseased as well as the healthy skin, since she graduated as general dermatologist in 2012 at the Academic Medical Centre at the University of Amsterdam. Besides she holds a PhD-degree in Dermatology, with research and publications in the field of Eczema.

She is co-founder and chairman of the Dutch Association of Cosmetic Dermatology (NVCD), as well as member of the Dutch Association of Dermatology and Venereology (NVDV).

As International MD Codes™ Expert she is often invited to join the Faculty board of Allergan Medical Institute. In this expert role she gives basic and advanced workshops on the 8-point lift and MD codes™ to starting and experienced cosmetic doctors, plastic surgeons and dermatologists internationally.
