Her newspaper credits include several features and quotes in The New York Times, USA Today, The LA Times, The Star Ledger, The Bergen Record and The Montclair Times, among others.

Her exciting new YouTube show is [YouTube.com/The Gist Show](http://YouTube.com/TheGistShow). Dr. Downie and four of her board-certified dermatologist friends decided that they wanted to put credible information together and discuss both cosmetic dermatology and general dermatology.

Furthermore, she has been quoted in many magazines including In Style, O The Oprah Winfrey Magazine, Cosmopolitan, Essence, Prevention, Women's Health, New Beauty, Seventeen, Natural Health, Marie Claire, Golf for Women, Child, Parenting, Teen Vogue, Fitness, Martha Stewart Living, Allure, Ladies Home Journal, Parents, Cargo, Las Vegas Life, Cosmo Girl, Evia, Family Circle, More, Glamour, Organic Style, Teen, Men's Health, Bride, Self, Heart and Soul, Fitness, Lucky, Nia Online, Health, Real Simple, Elle, Ebony, Shop Smart, Shape, Latina, Good Housekeeping, Redbook, Suede, Healthy Aging, Harper's Bazaar, Dr. Oz magazine, Pregnancy, Practical Dermatology, Vibe Vixen, Hair, Hype Hair and the Montclair Times. She has many online

articles featured on her website at [imagedermatology.com](http://imagedermatology.com). She was also honored as one of the top cosmetic doctors in New Jersey by New Jersey Life Magazine and NJ Savvy Living Magazine. She also has authored several book chapters including some medical textbooks and Bobbi Brown's bestseller Living Beauty, Bobbi Brown Beauty Evolution and Hair Rules by Anthony Dickey. Her first book, Beautiful Skin of Color, is a comprehensive skin care guide for Asian, Olive and Dark Skin and was released in 2004 by Harper Collins. She is currently working on her second book.

Dr. Downie is a highly sought after lecturer who enjoys an excellent national and international reputation. She shares her expertise on a wide variety of topics including cosmetic dermatology, cosmeceuticals, skin cancer, photoaging, sunblock and skin of color. She is a lecturer, consultant and clinical researcher doing FDA and investigator initiated clinical trials for many of the top tier pharmaceutical companies. Dr. Downie also enjoys teaching other physicians and is an instructor for The American Society for Dermatologic Surgery Fillers and Injectables course and is a long standing member of Allergan's many different advisory boards, where she serves as a consultant and faculty member, teaching Botox Cosmetic and filler injection techniques.

Cosmetic procedures that Dr. Downie specializes include state-of-the-art lasers for treatment of scars, wrinkles, broken blood vessels, brown spots and laser hair removal. She uses sclerotherapy for the removal of unsightly leg veins. Voluma, Restylane Lyft, Juvederm, Sculptra, Restylane, Botox and Xeomin treatments are used in her practice for the elimination of facial lines, for lifting and for wrinkles. Glycolic, salicylic, trichloroacetic acid, Vi Peel, Vitalize and Rejuvenize peels provide facial rejuvenation. She uses the Fraxel laser and the IntraCel to perform total facial and body resurfacing for acne scars, stretch marks, melasma, photoaging and brown spots. Emsculpt Neo is a first in class technology that melts fat by 30% and builds muscle by 25%. This noninvasive machine focuses on toning and sculpting the abdomen, arms, buttocks and thighs. The LipoCel is a high frequency ultrasound device that burns fat. Dr. Downie uses all of these machines and recommends a minimum of six to eight sessions. Patients see a dramatic decrease in inches. The Zaffiro is a non-invasive skin tightening machine for the face, neck and body. Her newest machine is the Lutronic Lase MD, which incorporates Keralase technology to grow hair with the Kerafactor solution and the Lase MD which is a fabulous laser that decreases dark patches, freckles, precancerous lesions and fine lines on the face, neck and body. Kybella, which she calls liposuction in a needle is a favorite injectable of Dr. Downie's. She did the clinical trials for this drug and pairs it many times with her non-invasive fat melting technology. She also performs skin cancer surgery and mole removal. Additionally, Dr. Downie offers her patients a complete line of skin care products chosen for their quality and superior results that are specially formulated for patients' individualized anti-aging, anti-acne skin care needs.

Dr. Downie is a philanthropist and is very involved with the Montclair Art Museum, United Negro College Fund, National Public Radio, The Southern Poverty Law Center, Dress for Success, The Junior League, Public Broadcasting Services, All Stars, Cares Mentoring, The National Urban League, Foundation for Ethnic Understanding, Planned Parenthood, the ACLU, and several other national and local charities.
