

Reconstructive, cosmetic and hand surgery.

Dr. Refaat B. Karim (1964) is a well-known plastic surgeon. In 2017, he decided to abandon all administrative tasks and focus entirely on people again: reconstructive surgery, cosmetic procedures and hand operations. He is available in, in the Netherlands and Spain. And now also in St.Maarten.

Personal background.

His career began at the Amsterdam VUmc hospital where he specialized in 'transsexual vaginoplasty'. He was the head of the department at the Slotervaart Hospital, Onze Lieve Vrouwe Gasthuis in Amsterdam and was founder and director of a private Clinic..

He lectures worldwide on post-circumcision/female genital mutilation (FGM) reconstruction. He is one of the few surgeons in the world who can perform this type of surgery.

At the age of eight, Refaat B. Karim moved from Bangladesh to the Netherlands with his family.
