

Dr. Armanda Onderdijk

After a PhD in dermato-immunology I specialized in cosmetic dermatology and dermato-oncology. I work as a dermatologist in the academic medical center in Rotterdam, the Netherlands. In cosmetic dermatology I was trained by Peter Velthuis. I am specialized in medical and cosmetic treatment with botuline toxine and fillers, treatment of filler complications, lipofilling and blepharoplasty. In addition I am specialized in dermato-oncology and Mohs surgery.
