

As a Letter of Credentialing and Privileging (LCP) holder for Aesthetic Practices in Malaysia, Dr Tingsong Lim has been actively involved in academic research and training on Asian facial and body aesthetics, clinical application of fillers' rheology, facial overfilled syndrome, pigmentary disorders, energy based medicine and regenerative medicine.

Graduated from Tohoku University School of Medicine under the Monbusho Scholarship, Dr Lim is a frequent speaker regionally and internationally. He is currently a Global Key Opinion Leader for injectables, energy-based devices and non-invasive body contouring. He sat for multiple international advisory board meetings and also a board member for International Society for Dermatologic & Aesthetic Surgery (ISDS).
